

ACTIVITY SHEETS

Nine children's "Emu Activity Sheets" are available in PDF. You can print them out on your home printer. They can be found in the **RESOURCE section of the AEA website**, www.aea-emu.org .

AEA website under **RESOURCES/EDUCATION**
www.aea-emu.org/coloring-drawing-exercises-and-games/

These activity sheets can be given to children whenever you visit their school or organization. Activity sheets can be used individually or several can be stapled together. Teachers might be interested in downloading them for the students in their class.

Or... you might like to give them to children to take home, or provide crayons for them to color the pictures right there at the table. Pictures could be given to every child who visits your farm, your presentation, your display or your booth. These are intended for younger children but, we have had teenagers at the local County Fair who were thrilled to color some of these pictures.

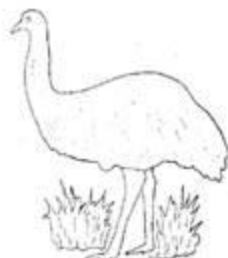

On the AEA website, under RESOURCES, you will, also, find **bookmarks** and an **emu related song for children to sing** that you can print off along with **several AEA brochures** about emus and the emu industry.

Save this email for when you need these items and pass along how to find this webpage to any interested teachers.

And remember, there is a wealth of information in the RESOURCES section.

Color the Emu

Count the Ratites

Count the Ratites and draw a line to the correct number.

	1
 Kiaia	2
 Casowries	3
 Ostrich	4
 Rheas	5
 Emus	

FIND AND CIRCLE 5 DIFFERENCES BETWEEN TOP & BOTTOM PICTURE.

A COQUIN! EASTER SURPRISE!

1. Draw
2. Color
3. Cut out
4. Paste
5. Finish
6. Display

FINISH THE EMU PICTURE.

HELP FATHER EMU FIND
THE WAY BACK TO HIS EGGS.
