

School Hatch Project - Preview

If you plan to hatch emu eggs at your local school, "NOW" is the time to start to prepare. In order to have chicks hatching for N.E.W., your eggs must be set by the middle of March. Count back 52 days for an exact date.

The 3 e-mails on School Hatching that will follow this e-mail, will give you some great tips for making your classroom hatching project a success.

1 - School Hatching Overview

2 - GQF Incubator Instruction Sheet

3 - School Hatching Resources
